

KYRLE PROBUS CLUB - BOARDING NOW FOR RAF COSFORD

Kyrle Probus Club departed for the the RAF Museum in Cosford with 34 members and guests.

Arriving after a short (80 minute) coach trip, they were welcomed at the excellent visitor centre and introduced to their guides.

The guides proved very knowledgeable with the tour offering a unique experience. More than 70 historic aircraft were on display, including Britain's three V Bombers: Vulcan, Victor and Valiant, along with the infamous TSR2 plus the world's oldest Spitfire.

Alongside the guided tour, the group enjoyed time to explore individual exhibits including the last surviving Dornier Do17 recently salvaged from the bottom of the English Channel which is among the museum's on-going projects.

As the group returned to Ross, David Hudson, Club President thanked Keith Glover for organising such an excellent and interesting day.
